

# Rocket Ride Wind Chimes

## Materials required

- *Rocket Patterns*
- Chenille wire
- Clear thread or fishing line
- Sheets of craft foam in different colors
- CD disk
- 4 jingle bells

## Supplies

- Scissors
- White card stock
- Pen
- Wire cutters
- Colored pencils
- Hole punch
- Measuring stick

## Instructions

1. Print out *Rocket Patterns* onto cardstock.
2. Tie a 3 foot clear thread around each CD (Figure 1).
3. Cut a 6 inch length of chenille wire.
4. Cut clear thread into 18 inch lengths making four lengths.
5. Cut out 4 rocket patterns of your choice.
6. Trace around the pattern onto a sheet of craft foam and cut out the foam shape.  
Repeat this for all four rockets.
7. Punch holes in the foam rockets at the large dots.
8. Use a pen to add faces to the people in the rockets. Add words or designs to the sides of the rockets.
9. Bend the chenille wires into four hangers (s-shaped, spring or swirl shaped).
10. Bend one end of a hanger around the thread that is wrapped around the CD (Figure 2). Repeat this step for the other three rockets.
11. Tie a jingle bell to the end of a short length of clear thread. Repeat this step for all rockets.
12. Thread a rocket onto each length of thread tied with a jingle bell. Now tie the other end of the thread to a chenille wire hanger on the CD (Figure 3).. Do this for all rockets and bells.
13. Hook hangers onto the threads of the CD at equal intervals.

**Conversation**

What are some of your favorite rides at an amusement park? What part of a roller coaster guides it along and keeps the cars safe? We need someone to guide us so we know which way to go and what choices are safe. Jesus promises to guide us and help us if we will choose to follow him.
